Examiner's signature, if required.

Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: The claims were discussed in view of Shapovalov (US 5,181,549) and JP 3-17236. JP 3-17236 (translated copy given to applicant's representative) was determined to not have a mixture of hydrogen and nitrogen (only used individually). Dependent claims 11 and 13 (indicated as allowable subject matter) will likely be written in independent form in the next communication. The applicant has prepared a declaration under 37 CFR 1.132, to be filed with an upcoming RCE. JP 56-24693B2 (Y reference) was also discussed, but is not pertinent to the claims. A future continuation application was also discussed.
